Dispose of Fats, Oils & Grease (FOG) Properly

**Fats, oils and grease include:**

- Vegetable-based cooking oils, and
- Animal-derived fats (milk, butter, lard, meat drippings, pet food and fast-food products).

**Pour or place FOG in disposable containers,** cover and throw them out in the trash.

**DO NOT put food scraps in the garbage disposal** – this shreds solids into smaller pieces but doesn’t prevent grease from doing down the drain. Instead, use a strainer in the sink to catch food scraps and discard them in the trash.

**KEEP THE RIO GRAND!**
